## NO TROUBLE FEARED.

Situation of Affairs Between Us and Japan.

PAST EVENTS FULLY EXPLAINED.

The United States Government is understood to regard the action of Japan as justifiable on the grounds of self-defense, and Great Britain coincides in this belief.

VICTORIA, B. C., Dec. 1.—The steamship Victoria, 18 days from Yokohama, arrived yesterday. The Associated Press correspondent, writing Nov. 17, says:

No trouble is expected to result from the affair of the steamer Sydney. The United States government is understood to regard the action of Japan as justifiable on the grounds of self-defense, and Great Britain coincides, although some form of explanation or apology may be deemed desirable. France has taken a less easy view of the situation, but is not disposed to make serious difficulties. Her opinion appears to be that the exigency was not sufficiently alarming to call for so grave a measure as the removal of passengers from the French mail steamship.

Later developments indicate that the self-declared explosive experts were irresponsible speculators, if not impostors. Reports were received connecting Colonel Fred Grant with the undertaking, and his name carried with it a weight which would not have been accorded to unknown adventurers. It is well known that Li Hong Chang holds the memory of General Grant in reverence, and he would presumably have been disposed to place unusual resources at the disposal of a party representing his son. The sums alleged to have been promised to Colonel Grant, and which have been actually advanced to his agents, correspond exactly with those set forth by the travelers on the Gaelic and Sydney.

Taking these and other co-relative facts into consideration, the Japanese government believed itself under the necessity of guarding against the threatened danger. The French diplomatic and consular officials were powerless to intervene, even had they been inclined to do so, and relying upon the authorized findings of international law, Japan availed herself of what she claims as a belligerent right. The American passengers were released Nov. 12, after taking oaths not to aid China in any manner and expressing in writing their gratitude for the leniency of their treatment by the Japanese government.

A telegram from Paris announces that the French government has referred several points of the Sydney affair to its legal advisers, who pronounce judgment that Japan acted within her rights and is not liable to censure under the rules of international law.

The feeling of the populace is strongly against intervention in negotiations for peace by the United States, or by any western country, and the Japanese government considers that nothing but an application from China herself will be acceptable. The seventh session of the diet has been convened to meet in Tokyo Dec. 23. It is not anticipated that the proceedings will be so harmonious as those of the extraordinary session recently held at Hiroshima. The sole purpose of that gathering was to authorize war expenditures, and all domestic dissensions were allowed to rest by common consent. The legal and patriotic purposes of the members having been definitely avowed the opposition now considers itself free to resume its customary violent attitude toward the government.

It is hoped that attacks upon the administration will not be carried to such excess as in former years, but the extreme radicals have so often proved themselves determined to block the course of the government, no matter at what hazard, that the country has little expectation of their self-restraint on this occasion. As previously reported the minister of foreign affairs recently sent a communication to the governor of the Port of Kanagawa, in which it was stated that Japanese subjects serving on board United States ships in Japanese ports must be regarded by the government as coming under the jurisdiction of the imperial courts whenever charged with offenses against the law.

As this opinion is contrary to the position maintained by the United States, the question was brought up for diplomatic discussion. It now appears that the foreign minister had no intention to deliver an ex-cathedra judgment on the subject. A native newspaper which printed his letter to the local governor has been fined 20 yen for publishing private official documents without permission. In the course of his trial the prosecuting attorney remarked that the administrative officials were not concerned with questions of jurisdiction.

Jurisdiction and the correspondence under consideration, conveyed only the individual views of the writer. The incident will therefore pass without further debate.

The surgeon general reports that the troops actively engaged in the Manchuria are in better condition than at any previous time in the last four years. Contrary to usual experience, illness is less common among Japanese troops in the field. Tax popular contributions to the navy fund have reached 390,000 yen.

The Japanese newspapers are amusing themselves by publishing maps of China in partitions, showing the condition which it will be in after the war has had its full effect. Most of these maps represent Japan in possession of the provinces of Shingling, Chihli, Sang, Cuing, Kiang, Chokiang and Fu-Kien, and as a result the vice royalties of Shansi, Honan and Anwei. England

is assigned Kwang-Tung, Hunan, Hupoh and Shensi. To Germany, Kwangsi, Kweichow and Hainan; and to France, Yunnan, Szechuen and Kiangsi. The territory of Mongolia, and nothing more, is set apart for Russia.

Japanese divers have applied for permission to raise and repair the King Yuen and Chih Yuen, sunk in the light off Takosa harbor. The movements of General Oyama's army corps may be summarized as follows: Landing began Oct. 27, near the mouth of the Haanyan river on the east coast of Lian-Tung peninsula, about 75 miles from its uppermost extremity. No opposition was offered and the troops were all brought on shore before the evening of the 30th. Detachments started southward on the morning of the 28th, and in the afternoon the small town of Retsovo was occupied. Thence forward progress was steady and uninterrupted for a week. The inhabitants, after their first shock of surprise, mostly watched the strange soldiers with stolid indifference.

No enemy was seen until the town of Kinchow or Cincinhu was reached, where the Chinese fled precipitately. The town of Talian was approached on the 27th, the fleet under Admiral Ito co-operating in the movement for the reduction of this important station. Here again the enemy wanted to strike a blow in defense, but some 3,000 troops abandoned the forts and joined the garrison at Port Arthur. The Japanese destroyed the torpedoes with which the harbor was lined, while the land forces occupying the works were profusely supplied with artillery and ammunition. Nothing remained to be captured at this writing in Lian-Tung but Port Arthur, which is daily anticipated. That Great Britain has assumed an extremely threatening attitude toward China is asserted with great emphasis and directness by correspondents in Peking and Tien-Tsin.

The apparent neglect of her former power to demand reparation for the Chung-King affront (when Japanese passengers sailing under the British flag were outraged and robbed by Chinamen) has never ceased to be a matter of surprise, but if reports now current are well founded it is evident that the wrath of the English government is not slumbering for a moment. We now hear of considerable preparation for the enforcement of satisfaction. Admiral Frenault has summoned the entire British fleet to meet at Shanghai to await the arrival of a strong military force from India, the landing of which at Chusan is to be effected without delay. The British envoy is to demand payment of a large sum of money, the degradation and dismissal of the chief magistrate holding office at Tien-Tsin, and an avowal of regret, accompanied by a salute to the flag from the guns of the Taku forts.

If these conditions are not promptly fulfilled, troops and warships will commence reprisals. Startling as this intelligence sounds, it is repeated from various quarters, and on alleged official authority. The latest addition is that England has already strained a point of forbearance in consequence of the agitated condition of Chinese affairs, but that a warning was given at the beginning of November that a further extension of time could not be permitted, and that nothing but immediate and decisive action on China's part could avert heavy retribution.

Japan has requested the Korean government to open for foreign trade the ports of Moka-Voho, on the southeast coast of the province of Chola, and Kok-Won on the Taining river. Arrangements for this will be carried out as soon as the disorders of war are quieted.

Affairs in Korea appear to be in very bad state despite official Japanese statements. The interference of Japan toward putting everything right appears to have had the contrary effect by putting everything wrong. Anarchy stalks throughout the southern part of the kingdom. It is said that there are armies of malcontents ranging from 20,000 to 50,000 strong. The entire population may be said to be hostile to the occupation of the Japanese, and though the wretched king, who is as plastic clay in the hands of a potter, has been directed to issue an edict that every one is to be beheaded who molests the Japanese.

Japan Determined For War.

LONDON, Dec. 1.—A dispatch to The Times from Kobe says that Japan seems intent upon the prosecution of the war with China. Preparations are making for a winter campaign. There is universal rejoicing throughout the country because of the capture of Port Arthur.

TRAIN WRECKED.

The Perpetrators and Their Object Unknown.

COLUMBIA, S. C., Dec. 1.—A successful attempt was made to wreck the incoming train on the South Carolina and Georgia road late last night. Some one had thrown the switch one mile from the Kingsville station, 25 miles from Columbia, and wedged it tightly, so that the train was thrown from the track while coming at a fast rate. The engine was tossed aside, the car following mounting it.

When the cars were rolling over the lamps and stoves set them on fire, and within a quarter of an hour they were wrapped in flames, which completely destroyed all woodwork and the rained and shattered engine. The loss is placed at about \$85,000. All the baggage and express were destroyed. Strange to say, no one of the 12 passengers were injured. The men who wrecked the train have not been caught nor their identity known.

Preacher Pleads Guilty to Horse Stealing. SPRINGFIELD, Mo., Dec. 1.—Rev. John Denny, a local preacher, pleaded guilty to horse stealing yesterday and was sentenced to two years in the penitentiary.

## TURKISH OUTRAGES.

Another Chapter in the Armenian Atrocities.

AN EXCLUSIVE NEW REPORT.

A Physician, Who Was Sentenced to Death and Forced to Undergo Terrible Degrading Tortures, Being Finally Released, Tells Something of What Has Occurred in Asia-Minor.

LONDON, Dec. 1.—The following is another chapter in the story of the Armenian atrocities which the Associated Press is able to furnish exclusively to its newspapers:

Dr. G. Thounanian, who was one of the Armenian physicians at Herriek college, Marsovan, Asia-Minor, and who was sentenced to death and forced to undergo terrible, disgusting tortures, being finally released through the intervention of Great Britain in July, 1893, furnished the Associated Press with the latest details of the Turkish outrages which have just come into his possession. Dr. Thounanian writes:

"It was necessary that the blood of thousands should be shed in order to bring the Armenian question on the tapis, but it is almost impossible to get full details, the guilty Turk preventing every possible escape of news.

"However, I have learned the following: The chief of police of Moosha, which is the headquarters of the Sassoon district, went with a number of gendarmes to the village of Thung and nailed the head man and some others head downward to posts, bent them and drenched them alternately with hot and cold water.

"The chief of police then attempted to dishonor the wife of one of his victims, and the unfortunate woman, seizing a knife, plunged it into the chief of police's brain, whereupon the gendarmes made a general attack upon the peasants. A stubborn struggle resulted, in which many of the peasants were wounded, and 50 of them were taken to prison at Moosha. The whole village of Thung was charged with sedition, and the gendarmes naturally were not reprimanded, as they were only carrying out the orders of their superiors.

"The Armenian villages on the plains of Moosha and Bitlis, in the vicinity of Sassoon and Van, have been fired, and their streets made to run with blood. From Maring over 100 oxen and 1,000 sheep have been driven off, and the same has occurred at Colossig and Hayaborig.

"The villages of Kozleo and Sheik-Aghoob have been sacked by Turks and two young girls were made captives. At another village a miller was burned alive. At Panzaskoik three Armenians were murdered. This is only a daily tale of the horrors in the villages on the plains of Moosha. If these authentic details come from the villages on the open plain what must the truth be in distant places in the mountains of Sassoon.

"In September, 117 Kurds appeared in the village of Bagheziz ostensibly for the purpose of supplies, eating, drinking and carousing all day. They plundered the village, robbed the church of its costly vessels and rode away.

"On the day following, the band of Kurds raided the village of Kiarough and stole 50 head of cattle and a herd of sheep belonging to the celebrated monastery of Varaka.

"In the village of Daghevan two youths were openly butchered by Kurds before the eyes of their helpless relatives.

"I could give pages and pages of such horrors done to my people. None of these wrongs have been redressed, nor will they be so long as Bahri Pasha, himself a Kurd, remains governor general of Van. He is the greatest enemy of the Armenian race. When the ports tried to hinder the Armenians from emigrating to Russia and Persia, this ferocious fanatic explained that the ports could get rid of the Christians and at the same time get their lands.

"Since October, 1893, 170 families have emigrated from Aghpac to Persia. Recently, Bahri Pasha made a tour of that district and confiscated all the property of absent Armenians, including those who had gone away on business. Those who returned were thrown into prison.

"In order to support Bahri Pasha's exterminating policy a number of Kurdish boys, who had been imprisoned for misdeeds, were sent into the Sassoon districts by the Turks, who marked their prison sheets with the word 'Escaped.'

"Unless the powers act promptly there will be a record of successive hideous outrages."

TOWNLEY ESTATE.

American Claimants' Agent Gets Twenty Months' Hard Labor.

LONDON, Dec. 1.—In the central criminal court, Old Bailey, Friday, Colonel Jacques, the agent for the American claimants to the Townley estate, was found guilty of fraud and sentenced to 20 months' imprisonment at hard labor.

A similar sentence was imposed upon Howell Thomas, solicitor for Colonel Jacques, who was convicted of fraudulent practices a short time ago.

Cotton Statistics.

LIVERPOOL, Dec. 1.—Following are the weekly cotton statistics: Spun total, 58,000; sales American, 51,000; sales trade takings, 60,000; actual exported, 7,000; import total, 153,000; import American, 136,000; stock total, 1,500,000; stock American, 1,706,000; afloat total, 870,000; afloat American, 860,000; sales for speculation, 3,200; purchase for export, 2,800.

DUN'S WEEKLY REVIEW OF TRADE. The Issue of Bonds Do Not Have a Perceptible Effect.

NEW YORK, Dec. 1.—R. G. Dun & Company's weekly review of trade says: The complete success of the government loan and the replenishment of the gold reserve have not perceptibly affected business nor prevented an advance of foreign exchange near to the exporting point. Meanwhile domestic trade and industries have not been influenced by the heavy defalcation in one bank and minor disorders in two others, nor by the failure of the Erie railway to meet interest on its bonds. The closing sugar refineries will diminish the industrial force more than it is increased by the resumption of the Bethlehem steel works and a few other concerns. The controlling fact is that although in two instances wages have been increased, the earnings of the working force and its purchasing power are not on the whole enlarging at present, and prices of the chief farm products do not materially improve.

Cotton reached 6 cents last Saturday and has reached three-sixteenths after a week of heavy speculation. Crop estimates of the New Orleans Cotton Exchange averaged 9,250,000 bales, and a larger quantity has come into sight this year than at date in 1891, when the yield was over 9,000,000. The average price in November of that year was one-half cent; at that price the 4,811,000 bales, which came into sight in three months ending Dec. 1, would have paid as much debt as 6,371,000 bales at the price this year, but even that would not explain the large marketing this year unless the crop was large. Wheat is 1-4 cents higher than a week ago and western receipts still exceed last year's, amounting since July 1 to 107,500,000 bushels, against 103,800,000 last year, while exports from all ports have been about 21,000,000 bushels smaller. The smaller quantity received last year paid more debts by about \$8,000,000 than the larger quantity this year, and wheat selling for the first time below 60 cents just after a harvest may naturally be held back for better returns. Corn has advanced a fraction, receipts being larger than a year ago, and on the whole the outcome for farmers has not so improved as to promise larger buying by the west and south.

The great industries fairly maintain the production previously reported, but can not be expected to increase at this season. A few more iron works have gone into operation and the demand is reported larger, but there is distinct weakness in prices, especially at Pittsburgh, and Bessemer iron, billets, nails and some structural forms are quoted lower. The rail combination has agreed to a reduction of \$2 per ton for the next year. Coke contracts are being made for the first quarter of 1895 at current rates.

Failures this week have been in the United States 289, against 271 last year, and in Canada 86, against 48 last year.

WANT A GOOD THING.

Several Applicants Already in the Field For House Offices.

WASHINGTON, Dec. 1.—There are already several candidates in the field for the principal offices in the house of representatives of the next congress. The clerkship so far appears to be the most attractive of the places to be filled, but candidates are not wanting for both sergeant-at-arms and doorkeeper. Secretary Humphrey of the Republican league club is the latest aspirant for the clerkship, his competitors, so far suggested, being Secretary McKee of the Republican congressional campaign committee, Representative-at-large McDowell of Pennsylvania and Representative Henderson of Iowa. General Henderson's name has also been mentioned in connection with the office of sergeant-at-arms. It is also understood that Colonel H. T. Swords, sergeant-at-arms of the national Republican committee, would like to be made sergeant-at-arms of the house. For doorkeeper the name of Congressman Houk of Tennessee is being canvassed. In the clerkship contest it is considered probable that McDowell will have the support of the Pennsylvania delegation.

ANAESTHESIA'S JUBILEE.

Celebration of an Epoch in the World's Advancement.

PHILADELPHIA, Dec. 1.—Extensive arrangements are being made for the celebration on Dec. 11, under the auspices of the American Dental association, of the 50th anniversary of the discovery of anaesthesia by Dr. Horace Wells of Hartford, Conn. Acceptances of invitations from prominent dentists from all over the country are being received by the committee having charge of the arrangements and the Connecticut dentists will celebrate the evening previous by unveiling a bronze tablet, and will come to Philadelphia in a body. Two venerable gentlemen who were witnesses of the first application of "laughing gas" by Dr. Wells will be the guests of honor.

"Living Picture" War.

NEW YORK, Dec. 1.—The fight against the living pictures being waged by some of the members of the Women's Christian Temperance union has developed into a war between women. It is not at all unlikely that the "living picture" will organize and oppose the onslaught of the Women's Christian Temperance union. A spontaneous move was made in this direction when the girls employed at the Garden theater met.

After the Returns.

KANSAS CITY, Dec. 1.—W. T. Jamison has asked the supreme court for a writ of mandamus to compel the canvass of the returns of which Judge Henry refused Wednesday. The court issued an alternative writ returnable Dec. 1.

## WORK OF CONGRESS.

What Speaker Crisp Has to Say About the Next Session.

NOT MUCH LEGISLATION.

Financial Affairs Is the First Subject to Be Considered—The Senate Will Be the Ruling Body—No Program Arranged, but a Number of Things May Be Considered.

WASHINGTON, Dec. 1.—Speaker Crisp does not believe that the coming short session of congress will be productive of much legislation. "It is very important," he says, "that there should be some legislation on finance. I am not prepared to predict what, if anything, may be done at this session, but it must be apparent to everyone that the present situation should not be permitted to remain long. Whatever suggestions the administration has to make will be awaited with great interest. Whether or not Mr. Carlisle will present a proposition which will meet with general approval no one can say until the message comes in. A financial system, which puts it in the power of anyone to deplete the treasury of gold and to compel the government to increase its interest bearing obligations by the issue of bonds, is vicious, and should be corrected as speedily as possible.

He refers to the majority report of the house judiciary committee of the last session, differing with the secretary as to the authority to issue bonds, though he is unable to say whether there will be any discussion of the recent bond issue. The house never passed upon the report, but the speaker thinks it may be considered. The speaker does not think there will be any tariff legislation during the session, except to correct the alcohol schedule of the present law.

Further legislation, he says, rests with the senate. As to sugar, he says:

"It seems to me that the same influences which during the long session put the duty on sugar will be able to prevent a repeal during the short time there is left for this congress to legislate."

Mr. Crisp does not think there is any necessity for any measure to raise additional revenue, as the present law when it gets fully in operation will raise all the revenue needed. He regards as absurd the talk about deferring the appropriation to put the income tax in operation. As to other legislation, the speaker says:

"It seems to me that there will probably be an effort made to do something with the Nicaragua canal. I am not familiar with all the details of the bill reported by the committee, but think that or some other measure dealing with this subject is very apt to be acted on. Then there are the bankruptcy bill and the anti-option bill, which the senate should dispose of before the close of the session. A number of things may be attempted, but there is no program arranged, and everything depends upon what the general feeling is when we all get together."

TREASURY STATEMENT.

Receipts and Disbursements During the Past Year.

WASHINGTON, Dec. 1.—The regular monthly treasury debt statement, issued today, shows an excess of expenditures over receipts for the month of November of \$8,156,367, which makes the deficiency for the five months of the present fiscal year \$22,510,320.

The receipts from customs during November are \$10,260,692, from internal revenue \$7,774,074, from miscellaneous sources \$1,376,637, making the total receipts for the month \$19,411,403 and for the last five months \$136,395,817. The disbursements for the month amount to \$27,567,770, of which \$13,037,895 is on account of pensions, making the disbursements for the five months \$158,909,043.

NO CABINET MEETING.

The President Unable to Attend a Meeting of His Advisers.

WASHINGTON, Dec. 1.—Owing to the unfavorable weather yesterday it was thought best for the president to remain at Woodley and not venture out and the cabinet meeting was abandoned. It is also stated that there is no business that needs the attention of the cabinet. If there are matters upon which any of the cabinet desire to consult the president, they will drive to Woodley.

Private Secretary Thurber says that the president is improving and is much better, and it was only because the damp weather was thought to have a bad effect upon his rheumatism that the trip to the White House was abandoned.

Ex-Senator Brown Dead.

ATLANTA, Dec. 1.—Ex-Senator Joseph E. Brown died at 2:30 p.m. He was the Georgian war governor, was chief justice of the supreme court and was, since the war, United States senator. He has been in feeble health for some time. He was 73 years old.

DALLAS, Dec. 1.—Louis Williams yesterday was given the death penalty for the murder of his wife. The parties came here two years ago from Dakota. Williams lived for many years in Minnesota.

No Danger of an Outbreak.

LIMA, Dec. 1.—The government claims that there is not the least danger of an outbreak here and that the rioting of the last few days at Callao has also been ended without difficulty.

NEARLY three-fourths of the exports from this country last year were farm products, and in the face of this fact Republicans will still prate about the "home market."

This country exported \$628,000,000 worth of goods last year, and Great Britain took more than half of them. And yet what a howl Republicans raise when an American takes a few goods from England in return for the goods, he buys of us.

According to the report of the Secretary of Agriculture, Great Britain takes more of our exports than all other countries combined. According to the Republican party, it is treason to have any dealings with Great Britain and "British gold" is our greatest enemy.

CONGRESSMAN DENSON, of Alabama, distinguished himself last session by voting against the Wilson bill. He was the only Democratic Representative from that State to oppose the measure, and it transpires that he is the only Democrat who was defeated in Alabama at the late election.

If Cleveland in sincere in his wish to better the public service by placing nearly all minor places in the classified list, he would not have waited until all the experienced Republicans were turned out and inexperienced Democrats put in. He would at least have equalized the number of appointees. Grover's pretence of bettering the service is like himself—a gigantic fraud.—Public Ledger.

Oh, you have changed your mind have you? We thought it didn't matter how many offices were added to the classified service.

It is estimated that by the close of 1895 the State of Ohio will be in debt \$2,061,139.74. "McKinleyism, whether in Ohio or in the nation, has but one result, viz: depleted treasuries," says the News-Democrat, of Georgetown. "With an enormous additional revenue raised by taxing the sale of liquor; with taxes on inheritance, and on charters, with men digging and delving in every county for delinquencies, the State of Ohio can not keep up, and stands to-day before her sister States a bankrupt."

It would be well for the small-bore statesmen and professional agitators who want all legislation in favor of commerce and manufactures to cast their eyes over the annual report of the Secretary of Agriculture, says the Courier-Journal. Nearly three-fourths of our exports come from the farms. Agriculture is our greatest interest and engages the greater part of our population.

The farmers of this country produce enough annually for 100,000,000 people, but Republicans talk about 65,000,000 people furnishing a home market for these products.

## SHOT DOWN IN COURT.

A Battle of Bullets That Caused a Stampede at Mt. Sterling.

There was a sensational scene in the United States court room at Mt. Sterling Thursday morning, which had a most tragic ending. With the whistling of bullets and the frightened cries of men and boys, court was abruptly adjourned. One man will die from wounds received in the fight.

United States Commissioner Thomas F. Rodgers opened court to try a case against Lee Sturgall, of Elliot County, for moonshining or the illegal sale of mountain dew. The arrest of Sturgall was brought on by a feeling caused by a feud in Elliot County. About a score of witnesses had been summoned, who were equally divided as regards the different factions, and owing to trouble which had occurred prior to the trial feeling between the witnesses was intense, and before the case was called many predicted that a tragedy would be enacted in the court room. This prediction was verified when the third witness took the stand, and the interruption was a most tragic one.

Green Atkins, of Elliot County, who was one of the most prominent witnesses for the defense, mounted the stand, was sworn and turned toward the Commissioner, awaiting interrogation. Suddenly Charles Watkins, of Carter County, arose from his seat in the audience and walked up inside the railing and assumed an upright position just behind Sturgall. He had his eyes turned at Atkins, who appeared to wince under the look of intense hatred Watkins directed toward him. Atkins had been warned that Watkins would attack him if he gave certain evidence, and as he saw his foe gazing at him dropped his hand on his gun.

Atkins answered promptly all questions put by Commissioner Rodgers, and was about to explain a statement he had made when Watkins gave vent to a cry of anger and drawing his pistol rushed toward him.

Bullets flew in all directions, and a stampede occurred. Such a scene was never before witnessed in a Kentucky court room. Spectators, lawyers, the jury and the court went to cover to protect themselves from the flying bullets, while Atkins and Watkins fought like demons.

Every load in Watkins's pistol was discharged, and he started toward Atkins, intending to use his gun as a club, when he was seized by United States Marshal Pat Punch. Atkins had dropped to the floor in an unconscious state. When the smoke of battle had cleared away Watkins was removed to the county jail by Marshal Punch, and surgeons were summoned to examine Atkins. It was found that one of the bullets had gone through his abdomen.

The greatest excitement prevailed, and feeling was bitter against Watkins. Atkins is fatally hurt, and will die. He is a married man, and has a family living in Elliott County, near the home of Sturgall, in whose behalf he had come to Mt. Sterling to testify. He has a host of friends, who denounce the attack on him as the work of a cowardly assassin, and it is feared that more trouble will occur. Watkins's defense is that Atkins perjured himself in making statements on the witness stand that was intended to injure him.

## BURNED TO DEATH.

Horrible Fate of a Little Girl at Peytona, Ky.

Shelby Sentinel: "Last Friday morning about ten o'clock the four-year-old daughter of Mr. John Brown, who lives at Peytona, was horribly burned, from the effects of which she died in excruciating pain a few hours later.

"The little girl and several other children were playing in a room in the front of the house, when her clothing caught fire from a grate, and before assistance could be rendered she was burned almost to a crisp.

"The child's mother was at work in the rear of the house and heard her screams, but thought they were the joyful overflow of a lot of playful children and paid no attention to them. One of the other children, however, informed his mother of his little sister's mishap and she hurried to the room, where she found the child lying in the middle of the floor, a charred and blackened object.

"Dr. Nash was immediately summoned but could do nothing except to partially alleviate her sufferings, and death soon came to her relief."

## BIG CATTLE SALE.

Bourbon County Will Furnish a Lot of Beef For the Britishers' Christmas.

Mr. Charlton Alexander, cashier of the Paris branch of the Northern Bank of Kentucky, and a prominent Bourbon cattle raiser, has sold to Moses Kalin for M. Goldsmith, five hundred and forty-five head of Durham cattle. The price was private, but it is upwards of fifty thousand dollars, says the News. The cattle averaged over 1,800 pounds and were conceded to be the finest and largest drove ever sold in Kentucky. Forty-six cars will be required to ship the cattle to the seaports. Part of the shipment was sent over the L. and N. and Erie roads to New York, and will be shipped from that city on the steamer Monarch to Liverpool and London. The balance will go over the L. and N. and C. and O. to Newport News, and will be shipped on steamer Rappahannock to Paris, France.

J. W. Hedges, of Bourbon, has bought from J. W. Ferguson eleven 1,935-pound cattle for Kidd, of Winchester, for Lehman, at \$5.23 per cwt. These cattle will be exported to Germany.

### "THE BOYS IN BLUE."

#### Annual Reunion of the Sixteenth Kentucky, V. V. I.—The New Officers. Next Meeting.

The annual reunion of the survivors of the Sixteenth Kentucky Regiment, V. V. I., was held yesterday at Augusta. About twenty-five of the veterans of this city went down and there was a large crowd in attendance from other points.

Parties present from this city report a very enjoyable time, and the good people of Augusta treated the old soldiers so hospitably that it was decided to meet in that city next year.

Captain M. C. Hutchins and Captain Thomas A. Davis, of this city, and Mr. T. P. Wood, of Tilton, were among the speakers of the day. The election of officers resulted as follows:

President—H. C. Metcalf, of Brooksville. Vice President—W. H. Yelton, of Fairview. Secretary—H. C. Weaver, of Brooksville. Treasurer—T. P. Wood, of Tilton. Chaplain—Jacob Miller, of Maysville. Historian—Lewis Overly, of Maysville.

Augusta was chosen as the place of the next meeting. The time of the annual reunions hereafter was changed from the last week of November to the third week of October.

After extending a vote of thanks to the people of Augusta for their kind treatment, the meeting adjourned.

### SERVED 'EM RIGHT.

#### A Cold Bath Given a Dissolute Couple at Frankfort—Turned the Hose on 'Em.

FRANKFORT, Ky., November 28.—Residents of this city were startled at an early hour this morning by a band of white caps, out of whose operations developed a racy little sensation, which has been the talk of the city to-day. The white caps are said to have comprised some of the most prominent young men in town, and, with heavily masked faces, they made a raid on a well-known house on Nero street.

The game they were after was a well-known young man of the town, who was supposed to be living with a questionable character in the house. The white caps had with them a section of hose, which they attached to an adjacent fire plug, and then made a noise to attract the inmates inside.

The woman was located near the window and a stream of water was thrown with terrific force upon her and her half nude companion.

The woman was so badly frightened that she lost her senses and ran out of the house and up the street comparatively in the state of nature. The hose, however, pelted her for a considerable distance.

Meantime the man, with his clothes in his arms, climbed over a high fence and beat a hasty retreat from the rear. The doors, windows and other parts of the house were shattered.

### FATHER DONNELLY'S MISFORTUNE.

#### His Mind Reported Unbalanced From Injuries Accidentally Received a Week or So Ago.

A week or so ago Rev. Father Donnelly, the priest in charge of the Brooksville Catholic Church, was thrown from a buggy and struck his head on a stone.

He was picked up unconscious, in which condition he remained for several hours. He has since that time been raving in delirium, says a special, and it is feared that his mind is entirely unbalanced.

The unfortunate man has only been in Brooksville a few months.

He was assistant pastor of St. Patrick's Church, of this city, a short time about a year ago, and his friends here will regret to hear of his misfortune, and hope his injuries are not as serious as reported.

### Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J. James Wood.

### COUNTY RESIDENCE BURNED.

#### Fire Destroys Mrs. Elizabeth Bullock's Home Near the Old Taylor's Mill, Friday.

Mrs. Elizabeth Bullock met with a serious loss yesterday.

Shortly before noon her residence, near the old Taylor's Mill, was discovered on fire. No one was at home at the time except herself and daughter, and the building was completely destroyed, together with most all the contents, the only article of furniture saved being a bed.

The flames communicated to a large barn which was also destroyed.

The residence was a large two-story frame, and was comparatively new. The loss will amount to \$2,500 or \$3,000.

Since the above was written it is learned that only the house burned, and the family succeeded in saving most of the furniture and household goods.

The building was insured in the Farmers' Home Mutual, but for what amount was not learned. The loss is between \$1,500 and \$2,000.

### STRICKEN WITH PARALYSIS

#### On the Eve of His Marriage—Such Was the Fate of Mr. Nelson Byar.

On Wednesday evening last at 5 o'clock, Mr. Nelson T. Byar, living near Hillsdale, in Bracken County, was stricken with paralysis of the right side, with loss of consciousness. At last accounts, on Friday morning, he had partially recovered consciousness but was still speechless and in a critical condition.

He was to have been married at six o'clock on the evening he was stricken, to Mrs. Anna Fay, and the minister and friends were assembled at her residence, awaiting his coming.

They are among the best people of Bracken and have the sincere sympathy of the entire community.

PUT HIMSELF OUT OF THE WAY.

Business Troubles Drive a Man to Take His Own Life at Little Rock.

LITTLE ROCK, Dec. 1.—Despondent over business troubles and believing that he could be of no further use in the world, Stewart F. Howie, yesterday, after making elaborate preparations and writing letters directing the disposition of his mortal frame, walked to the river front and with a revolver ended his life.

Mr. Howie came to Little Rock five weeks ago to bid on the military post for the firm of Lipsitt & Gregg of Sault Ste. Marie, Mich. His bid was \$111,167, several thousand from the lowest.

Knowing that his firm would not get the contract, he still expected that it would be awarded to Kelley of Leavenworth in which event he hoped to get the superintendency of the work. He also contemplated bidding on the Camden government work, but he was too late. This ill-luck worked upon his mind.

The suicide left two letters; one addressed to his hotel roommate giving directions in regard to the disposal of his personal effects. The other letter was addressed to Colonel George Thornburg, master Magnolia Masonic lodge. He asks that Colonel Thornburg take pity on an erring brother and give his body a decent burial. He was a Macabee and a member of the Methodist church.

WATCH YOUR TOOTHBRUSH.

This Man Died From Getting a Bristle Into His Throat.

CAMDEN, N. J., Dec. 1.—Dr. George R. Fortimer, one of the best known practitioners in Camden, died of pneumonia. One morning in March last, while cleaning his teeth, a bunch of bristles became detached from the brush and were drawn into his throat. He suffered great agony, and all efforts to remove the bristles were unavailing. He was attacked with a distressing cough, and finally had to go to a resort, where he obtained but little relief. The irritation caused by the bristles caused pulmonary inflammation last Friday, and this led to the disease that carried him off. The doctor who attended him said the bristles undoubtedly were the cause of death.

RESULT OF SIN.

Found With Their Throats Cut, Presumably Murder and Suicide.

WATKINS, N. Y., Dec. 1.—A ghastly tragedy was enacted at the Kendall House some time during the night. At about 5 a. m., Friday, Miss Kate Quirk, a domestic employed there, and Charles N. Richards, a saloonkeeper, were found in the former's room with their throats cut in a horrible manner. Miss Quirk was dead and Richards can not recover. The latter is 38 years of age and has a family. He and Miss Quirk had been intimate for some time, and jealousy probably prompted the deed. The coroner thinks Richards killed Miss Quirk before attempting his own destruction.

What the Debt Statement Shows.

WASHINGTON, Dec. 1.—The regular monthly treasury debt statement to be issued Saturday will show an excess of expenditures over receipts for the month of November of \$8,156,367, which makes the deficiency for the five months of the present fiscal year \$22,510,225. The receipts from customs during November are \$10,260,693; from internal revenue, \$7,774,074; from miscellaneous sources, \$1,376,637, making the total receipts for the month \$19,411,403 and for the last five months \$136,398,917. The disbursements for the month amount to \$27,567,770, of which \$12,037,895 is on account of pensions, making the disbursements for the five months \$158,909,043.

Paid the Death Penalty.

BELLEVILLE, Ill., Dec. 1.—George Centall was hanged here yesterday. He was executed upon his own plea of guilty of murder in the first degree. He and Annie Kohn murdered the latter's husband on the 7th of last August in order to better put themselves in a position to continue illicit relations already existing. A peculiarity of the case is that after pleading guilty he was remanded to jail and given an opportunity to withdraw his plea, but he refused. Mrs. Kohn is in jail waiting for her trial. She was at the hanging, and shouted goodby to Centall, to which he remarked to the sheriff: "Oh, that woman makes me tired."

Treasury Statement.

WASHINGTON, Dec. 1.—The cash balance in the treasury at the close of business yesterday was \$40,897,404; gold reserve, \$102,016,178, showing an increase since last Wednesday of \$33,803,267. These gold receipts do not include any deposits at Chicago, San Francisco or Boston since the acceptance of the bids for bonds. Nor do yesterday's figures include receipts from New York on the 28th. It is expected that today's reports will materially increase these figures and by Monday or Tuesday next the whole amount of the bids will likely have been deposited.

Quarreled About Wages.

HENDERSON, Ky., Dec. 1.—Councilman W. E. Labry was shot in the back of the head by Lee Powell, colored, yesterday with a shotgun, completely removing his scalp. He will probably die. Powell was employed by Mr. Labry, who has the contract for the irrigation ditch now being dug at Elm Flats, and they had a quarrel about the settlement of wages. Powell made his escape to the woods but a large party with bloodhounds are in pursuit, and if captured he will probably be lynched.

Requisition Refused.

ALBANY, Dec. 1.—Governor Flower has refused to issue requisition papers for John D. Rockefeller and others of the Standard Oil company to the governor of Texas, on the ground that the papers presented are not sufficient.

Will Continue the Strike.

NEW YORK, Dec. 1.—At a meeting of striking cloakmakers last night it was decided to continue the strike until spring.

Libeled.

A good story is told of a lady who, on her way to an evening party, purchased a most unbecoming yellow turban, which caused her to be for some time an object of merriment to the whole room, owing to the fact of the shopkeeper from whom she had bought it having forgotten to remove from behind it a large ticket bearing the printed inscription: "Very chaste. Only 5s. 11 1/2d."—London Quiver.

COUNTY CULLINGS.

MAYSBLICK.

We have been having some lovely fall weather. Miss Jennie Evans is visiting at Flemingsburg. Most of the hogs fattened were killed this week.

Some of our boys were invited down to see the grand jury, but they are all know-nothings.

J. A. Jackson went to Maysville this week on board, the Joe H. Brown, the first time since April last.

Elder Irvin, of Poplar Plains, favored us again last Sunday morning and evening with two fine discourses.

Elder F. M. Tindler is still at Poplar Plains in a big meeting. There had been fifteen additions at last accounts.

W. P. Chandler was in the Shannon neighborhood from Friday evening until Sunday evening hunting birds and the girls.

All the young folks in the neighborhood go over to Helena of Sunday nights to attend the Methodist meeting now in progress.

J. A. Jackson wants the people to bear in mind that he is still at the old stand and has a stock of goods that must be sold and will be sold at greatly reduced prices, for the cash or trade. Give him a call and see for yourselves and learn his prices. He would like to have a dollar or two on that old account. Don't bring it all at once.

HAVE YOU GOT A GOOD THING?

Let the people know it.  
Do not keep it to yourself.  
Advertise and show it.  
Bait your hook with printer's ink  
And throw it!

The mere fact that a change in the type and setting of an advertiser's announcements is at once noticed is a pretty good reason why the type and style should be changed occasionally.—Printer's Ink.

What Shall I Take

Is the anxious question asked by those who are not feeling well—have no appetite—are out of sorts—have no energy—feel tired out. Perhaps you are feeling sick yourself!

Many medicines are recommended, doctors consulted—(in many cases) much money spent in this search for health—and yet it can all be avoided.

Wise people commence at once taking

Brown's Iron Bitters

and are soon made well and strong. Nearly every prescription given by physicians for such troubles contains IRON—which some people say they cannot take. Try Brown's Iron Bitters—it is warranted not to give headache, stain the teeth or cause constipation as all other Iron Medicines do.

Genuine has the crossed Red lines on the wrapper. BROWN CHEM. CO. BALTO. MD.

Optician Louis Landman

Of Cincinnati, O., will be at the Central Hotel, Maysville, Ky., on MONDAY next, November 19—one day only.

Do not fail to see him, as this winter is his last term at Medical College, and he will not be able to visit this city as often as he used to last summer.

Last Notice to Taxpayers

ALL TAXES not paid before the first of December, there will be a penalty of 6 per cent added, without fail. The law makes this imperative. I and my deputies will be at the County Clerk's office on November 28th and 30th to receive taxes. Respectfully, J. C. JEFFERSON, Sheriff of Mason County.

Chrysanthemum Show!

At our Greenhouse, on the line of the Maysville Street Railway, commencing to-day and to continue one week. All the ladies of Maysville and vicinity are cordially invited. 26-dim C. P. DIETRICH & BRO.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
